

***Allowable Subject Matter***

Claims 1-15 allowed.

The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on 6/30/08 are found persuasive. Specifically, Jacobs ('487) fails to disclose the claimed aromatic content of the polyurethane and Wallon ('914) fails to disclose the claimed liquid polyester or polyether polyols with the claimed aromatic content. In addition, the polyesters of Wallon are solid at room temperature, according to their viscosity and K values.

Furthermore, it is noted that JP2003-277601 describes a similar dispersion of a polyurethane resin and a hydrophobic resin. However, nowhere in JP2003-277601 is there a mention of the desired aromatic content of the polyurethane or hydrophobic resin. While the hydrophobic resin may be a polyester or polyether (¶0035), the reference is silent on the precursors. In addition, there is nothing in the prior art to render obvious the claimed aromatic content.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Correspondence***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NOAH FRANK whose telephone number is (571)270-3667. The examiner can normally be reached on M-F 9-5 EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Eashoo can be reached on 571-272-1197. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
